

Prime Laminate

*Prime laminate floors
combine durability and
an authentic timber look*

TOPDECK FLOORING

Luxury Edition

12.3mm thick

The **Luxury Edition** introduces the robustness of a laminate floor with the authentic look of a naturally wide and long timber plank. The Abrasion Class of the AC4 surface is up to 40X more resistant to scratching than a lacquered surface. The detail in the genuine-looking decor is not repeated at all over the entire length of the plank, which makes it a great cost effective alternative to wooden floors. The planks are 192mm in width and 2280mm in length adding to the overall genuine look. The all-round V-Grove provides an expansive impression across the entire floor. There are also matching stair nosing and MDF scotia available to fit most designs.
